

35TH ANNUAL Best Buck Photo Contest

The 35th annual Outdoor News Best Buck Contest offers great prizes and awards to 28 winners!

This is a photo contest. Outdoor News would rather support the notion of sportsmen and women enjoying the experience and creating memories than just concentrating on antler size. The rating system will be on photo quality, including composition and clarity. Check the rules and tips below.

A panel of judges representing various interests will be selected in the weeks ahead to assist in the final selection of the winners. The contest is for either archery or firearms. Make sure that everyone in your hunting party carries a camera this deer hunting season. Every buck has a chance to win!

Have a safe hunt!
